Dear Parents,

I would like to thank all the candidates that ran for the Vice President position on our school board. I think that it says great things about our school and our parent community that we had such interest in this school board position.

I am pleased to announce that Roger Chae has been elected to the vice president position on our school board for the remainder of this school year. If you see him, please take the opportunity to congratulate and thank him for his time commitment to our school. Thanks Roger!

On behalf of the School Board,

Kelly McGinnis
School Board President
