

June 7, 2010

Dear Parents,

As you may recall, one the purpose of our ECLC 40th Anniversary Celebration was to raise money for new playground equipment. I am happy to report that we have met with a playground design company and come up with a plan to add new equipment to our rooftop which should provide our students with more engaging physical activities. Through the generosity of the parents' contributions we are now able to add a new swing set, a climbing wall, two rocking horses and a large sandbox. These items are all specifically designed with the children's safety and developmental levels in mind.

Thanks to Mr. Jaesub for his input and help with this design. We look forward to seeing the students enjoying this new equipment when we start the new school year in August!

Best regards,
Andy Whitney
